

I strongly support the existing no-call laws and procedures enacted by the Wisconsin Legislature and administered by the Wisconsin Department of Agriculture, Trade and Consumer Protection. My mother, a widow aged 85 and living independently no longer gets repeated calls from unsolicited parties confusing her about various sales, bargains, etc. Changes to our no-call program that would be made by these proposed federal limitations will surely mean that I and my mother will again receive those annoying, unsolicited calls. If we want the services offered by those callers, we will contact them. The changes reflect the absolute disregard of personal space made by the proposers of these changes. They are unneeded, unwelcome, and unnecessary.
